

Bed Relocation

Bed relocations are a change in location of the licensure and/or certification of a bed from one room within a facility to another. This change type would not result in an increase in bed capacity, decrease in bed classification, bed conversion, or a bed reclassification. This transaction requires:

- Letter specifically outlining the bed change being requested.
- Facility Floor Plan representing the proposed bed configuration.
- Bed Inventory (State Form 4332) representing the proposed bed configuration.
- The effective date of change in bed configuration.
